Step into the past with Jean Paul Pauquette, and Jacques Largillier as your guides and engage in a role play by paddling a Voyageur canoe and learning about the Voyageur way of life.

Paddle the time machine back to the beginning of exploration of the Fox River by Father Marquette, and Louis Jolliet at the futheres most French outpost.

Some sources are more like a kaleidoscope than a microscope. They fragment and rearrange the past rather than reveal it in a true form.

It is our attempt to relive this part of the past and in doing so gain a clear view into the hardships and colorful way of life of the voyageurs.

Become part of the fur trade as Voyageurs hired by the NORTH WEST CO. and make this a most rememberable trip for young & old alike.

Vive la compagnie!!!
